Railroad Men Will Make Extended
Tour of the Valley.**

Saturday morning the train will be abandoned and the army of nearly one hundred men with seventy-five horses, ten buckboards and other mountain vehicles will start on a three days' march through the mountains at the headwaters of the Big Sandy. CANNON RENOMINATED

Boutella and Other Standpatters Downed in Illinois.

Chicago, Sept. 16.—At the state-wide primary election in Illinois the leading features were the renomination of Joseph G. Cannon for congress by a generous majority over the opposition.

For the overwhelming defeat of Representative Henry S. Boutella, standpatter in the Ninth district by E. P. Dankschacker, insurgent, the probable defeat of Representative Thomas R. Foss in the Tenth district and the renomination of nearly all the legislators charged with participation in the legislative "jack pot" are the striking features of the Illinois state-wide primary election.

Leo O. N. D. Browne, who was acquitted last week of the charge of bribing legislators to vote for William Larnier for senator, is renominated.

Robert E. Wilson of Chicago, under indictment for perjury and charged by other legislators, in court with having distributed part of the "jack pot" in a St. Louis hotel last room, is renominated by a positive majority.

Representative James R. Mann against whom a strong fight was made by two insurgents, Joseph R. Burns and Louis J. Bohan, in the Second district, has won. His friends did heroic work for him at the polls believing he was a formidable candidate for speaker of the house to succeed Cannon. Boutella lost the nomination by over 1,000 votes.

Edward D. Shortell, speaker of the house, is believed to be renominated. David E. McMahon of Chicago, a old member of the house, who has come in for a great deal of criticism, wins easily.

In other congressional districts the results are:

Maddox renominated in the First. W. R. Wilson in the Third. Adolph L. Sabath, Fifth, Frederick Land, Seventh, Charles Miller, Twelfth, James McKinnis, Fourteenth, George W. Prince, Fifteenth, Joseph W. Brann, Sixteenth, John A. Searles, Seventeenth, William B. McKane, Nineteenth, Henry T. Rainey, Twentieth, James M. Graham, twenty-first, William A. R. R. Twenty-second, Martin H. Foster, Twenty-third, Thomas P. Clark, in Twenty-fourth, and E. N. B. Thelwell, in the Twenty-fifth.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

WEST VIRGINIA NEIGHBORS.

NEWS FROM COUNTIES JUST ACROSS THE RIVER IN WEST VIRGINIA.

One hundred million tons of coal mined in West Virginia without the loss of a single life by dust or gas explosions is the record made by this State in the seventeen months ended with June 30th, last. That statement was made by Charles C. Cramer, assistant chief State mine inspector, who declares the record never has been equaled in any mining community. Incidentally he declares that West Virginia now occupies second place in the list of coal producing States.

In the year ending June 30th the mines of West Virginia thus far reporting, produced 51,850,000 tons, and 54 additional shafts are yet to be heard from. When all reports are in it is estimated that the total coal output of the State for the year will be approximately 60,000,000 tons. This will be an increase of fourteen million tons over the year ending 1903.

Great vigilance on the part of the State mine department is given the credit for the decrease in fatalities among those who work underground.

BIBLE STUDIES

SUCH SHALL NOT INHERIT THE KINGDOM OF GOD.

Galatians 5:15-26.—September 25.

"If we live in the spirit, let us also walk in the Spirit."

ST. PAUL was a practical man, not merely a theorist, he brought his teaching down to a practical level which his readers could comprehend. Today's Study is one of these. Like all of St. Paul's epistles and exhortations, it is addressed to the Church, to those who have turned aside from the broad road of selfishness and worldliness, to walk the narrow way, in the footsteps of Jesus, and thereby to become joint heirs with Jesus in his Kingdom, which is shortly to bless the world. Nevertheless, many who are not saints, many who are not wholly consecrated to God, may draw valuable lessons from the Apostle's words in this lesson, as well as in others. Many lessons of life especially applicable to those who have made a conscious choice to be the Lord's followers are valuable also to the remainder of mankind. The Christian has, so to speak, stepped out of his old self and become a New Creature, a Spirit being, which merely resides in the flesh and has interests that are distinctly separate and often antagonistic thereto. The Apostle says these to walk in the spirit, that is to say, to let their daily course of life be governed by their new nature. So doing, they will resist and not fulfill the desires of the flesh. Why? Because they will realize that there is no antagonism of interests as between the desires of the flesh and their desires as New Creatures. The two are at warfare, the one desiring against the other. There may be a truce for a time, but there will never be peace between them. Our desires as New Creatures are along spiritual lines, while our depraved appetites and tastes go in the opposite direction. Hence the Apostle said, "Ye can not do the things that ye would." As New Creatures you would follow in the footsteps of your Master, perfectly, but having fallen flesh, you cannot do this. You can only hobble after him at very moments. But if we take this position and become his followers, we will be no longer under judgment according to the flesh, but will be judged as New Creatures, perfect in will—rendering the most obedience to righteousness we are capable of, under our handicaps of imperfect human organism.

In order that none might make a mistake as to what would constitute the desires of the flesh, the Apostle recites them and declares that they are manifest or openly discernible, namely: "Fornication, uncleanness, lasciviousness, idolatry, witchcraft, hatred, strife, jealousies, wrath, factions, divisions, heresies, envyings, drunkenness, revellings and such like, of the which I forewarn you, that they which practice such things shall not inherit the Kingdom of God." These are works of the fallen flesh and antagonistic to righteousness. All of God's people are to resist them, if they would not lose his favor. They have the seeds of all these iniquitous things in their flesh, received by heredity, but their minds, their wills, have been changed, converted, turned around, to righteousness, to the doing of the will of God. As New Creatures they must not practice the fleshly things, else they will not grow in the fruits and graces of the Holy Spirit and will not be fit for the Kingdom.

The Apostle does not here say that if anyone were overtaken in a fault and that he repent, for instance, and get into strife, that this would bar him forever from the Kingdom. He might, indeed, through tears and prayers and the forgiveness come back into harmony with God and subsequently become a valiant soldier of the Cross and follower of the Lamb. But if any practice such things they should know that they are developing and strengthening a character contrary to the one which God will approve; they are going backward and not forward. Let us note the difference between an accidental slip with a resultant recovery, and a willful practicing of a wrong course. Alas! how many Christians have the evidence in themselves that they will not inherit the Kingdom of God unless they make a fresh start and reverse the order of their living.

If the Apostle led us into a tangled wilderness of human selfishness, thorns and thistles, as a specimen of the fruitage of the fallen flesh, he next leads us to the opposite direction, and shows us the fruits and flowers of sweet odor which belong to the garden of the Lord. He tells us that these delightful fruits of the Spirit should more and more be cultivated, and should be developed to perfection in our hearts, and, as far as possible, should overrun and cover and make out the imperfections of our flesh. The fruits of this garden are all the fruits of the Spirit, all such as he has now implanted in our hearts and would develop in the hearts of his sanctified ones. The fruits of the Spirit which should be manifest in all of the followers of Jesus in more or less perfect measure are: love, joy, peace, long suffering, gentleness, goodness, faithfulness, meekness, temperance, against such there is no law."

The Apostle explains that those who have become Christ's followers have crucified the flesh with the passions and desires thereof. They have voluntarily agreed that they will live contrary to the emotions and desires of the fallen flesh. He urges, if we live by the Spirit, by the Spirit let us also walk. It is the Spirit of God which has quickened us and which ultimately is to perfect us. But it can perfect us only if we are led by it and walk in its ways. Otherwise we will not be fit for a place in the Kingdom, whatever other phase of God's arrangements we may have. One of the most dangerous besetments of the Christian is vanity. It is a more trouble, provokes more quarrels and coverings than is generally supposed. If we are walking after the Spirit of our Master, it will mean that instead of being vain-glorious we will be meek, humble, teachable. And only such will eventually be ready for the glory, honor and immortality which God will bestow upon the faithful at the Second Coming of our Savior.

The readers of this paper will be pleased to learn that there is at last one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
